ABSTRACT

This publication was prepared in response to a large number of requests for a current directory of New York state private schools and their administrators. The listings were compiled from information submitted to the Education Department in connection with the Basic Educational Data System (BEDS). Schools are listed within county of location in alphabetical order within three major groupings: registered high schools; nonregistered high schools; and elementary, junior high and special schools. (Author/MLF)

FOREWORD

This publication was prepared in response to a large number of requests for a current directory of nonpublic schools and their administrators. The listings were compiled from information submitted to the Education Department in connection with The Basic Educational Data System (BEDS). Corrections to this directory should be submitted in writing to the New York State Education Department, Bureau of Educational Data Systems, Albany, New York 12234.

Schools are listed within county of location in alphabetical order within three major groupings:

1. Registered high schools - A registered high school is a high school that has been certified as meeting State standards and has been accredited by the Board of Regents. A registered high school is authorized to issue Regents high school diplomas, administer State Scholarship examinations, and administer Regents examinations.
2. Nonregistered high schools - Nonregistered high schools have not been certified as meeting State standards. School diplomas and credentials issued by nonregistered high schools do not have the official sanction of the New York State Education Department.
3. Elementary, junior high and special schools - All nonpublic schools not included in the first two categories. Those schools with junior high school

and special school registrations are so footnoted. Elementary schools are not eligible for registration except that nursery school and kindergarten programs may be registered on a voluntary basis. A list of such registered programs can be obtained from the New York State Education Department, Bureau of Child Development and Parent Education, Albany, New York 12234.
